Regulateur Retrograde Minutes

Vintage for rebel. It's elegant and astounding twin brand. Tourbillon, automatic, good to recognize that Azimuth's humble beginnings were in classic timepieces. And the latest update of the Regulateur Retrograde Minutes is our latest collection is total watch.

Having charming artistry, courtesy of an elegant white mother-of-pearl dial featuring an oriental dragon motif, the Regulateur Retrograde Minutes is contemporary and classic all at once. The elegant hand, the official and slick retrograde minutes indication are a fall to the watch's vintage charm. At its heart is a mechanical ETA 28362 movement. Underling the collector's cachet is its limited run of 25 pieces created exclusively for each Azimuth flagship boutique in Singapore and Malaysia. More than that, with natural mother-of-pearl called to the watch faces, it be guaranteed of a piece unique. Available in stainless steel with rubber strap (240001).
